This item is printed on demand - Print on Demand Neuware - Seminar paper from the year 2003 in the subject Business economics - Investment and Finance, grade: 1,3 (A), Stralsund University of Applied Sciences (Economics), language: English, abstract: The following essay with the title 'Central Banking - The organisation of the Fed and their politics within the last years (esp. in comparison to the ESCB)' is part of the final examination of the course International and Baltic Finance at the University of Applied Sciences Stralsund. This paper will explain central banking in general and then have a closer look on the U.S. Federal Reserve System. After that it will have a look on the European System of Central Banks, continuing with comparing the two systems, looking for the similarities and differences. During my research I read quite a lot of books and articles and after some time I really got interested in the topic. I really wanted to know how all this central banking works, and what kind of system (the American or the European) is the better one. But I also recognised that there are of course...
