

## Manned Spaceflight Log II 2006 2012

By David J. Shayler

Springer. Paperback. Book Condition: New. Paperback. 392 pages. Dimensions: 9.2in. x 6.6in. x 1.2in. Manned Spaceflight Log discusses over 40 recent spaceflights from September 2006 through September 2012, a time of great change in human spaceflight history. Following on from Praxis Manned Spaceflight Log 1961-2006, the authors continue the story until the end of September 2012, with new chapters detailing the development and accomplishments of human spaceflight, expanded tables and additional photographs, many in color, throughout. The book opens with a new foreword by Colonel Alfred M. Worden, USAF Retired, NASA Astronaut and CMP of Apollo 15, which reflects on the changing history of human spaceflight and the prospects for future operations. The first chapter explains how human spaceflight has approached the different challenges of exploring space and provided the hardware to meet those challenges. This chapter also describes the various attempts to reach orbital flight and the often confusing distinction between ballistic, sub-orbital, and so-called astro-flights of the X-15 rocket research aircraft program. Chapter 2 recalls key historic moments and missions across five decades of human spaceflight. Each decade has provided useful lessons for the next and a foundation for future achievement. The new mission entries are collected in the...
